

MaxiGuard P2 Particulate Prefilter

Product Images

Short Description

MaxiGuard P2 Particulate Prefilter pack of 5 pairs

Description

Always keep a clean pre-filter fitted to your main filter, and you can be sure of longer filter life. Superb low-cost protection against liquid splashes and coarse particles before they reach the main filter. Use a pre-filter at all times. Great effect at a tiny cost. It's the smartest thing you can do.

- Certified to AS/NZS 1716.
- Certified to EN4387:2000 Particulate Filter
- Provides protection against Particulates (P2), including those containing oils
- To be fitted with the MaxiGuard Series Cartridges (R701-A1 & R703-ABEK1) and Prefilter Holder (R510)
- Packs of 5 pairs (10 filters)
- Carton Qty: 10 packs
