Product Images

Short Description

DUE TO FLOODING multi-message signage for use in Queensland (QLD) only, 5 mm Corflute sign, 1200 x 300 mm.

Description

Queensland multi-message temporary road signage. Featuring DUE TO FLOODING in black text on a yellow

background. Specified for use in Queensland, displayed in a multi-message sign frame to improve safety.

Manufactured on 5 mm Corflute, measuring 1200 x 300 mm.

Multi-message signs are ideal for temporary traffic management during roadwork to alert motorist of changes in traffic conditions.

If you are can not find the sign you need, Contact us now! we can custom make signs to your specifications and unique applications.

Multi-message signs also known as MMS SIGNS are an alternative to traditional stand-alone signs. They are cheaper than standalone signage due to signs construction. Use in conjunction with standalone signage to re-enforce the message.

Jaybro's road & traffic signs manufactured in Australia to Australian standards.
