## Short Description

---

900x900 CL D 2 Part Gal Lockable Sump

## Description

---

### SG – Cast in Sump Grate and frame (Not Hinged)

Galvanised cast in drainage sump grate and frame designed to meet Australian Standards AS3996.2019, bicycle safe grating and double-sided locking bolt. Available in Class B & D in a range of sizes.

Designed for a range of drainage applications from subdivision allotment drainage through to major roads and heavy trafficable areas. They come with casting handles to allow them to be easily cast into pavement areas above the pit. Manufactured and tested to meet AS3996.2019, this range of grates is available in Medium Duty Class B as well as Heavy Duty Class D.
