## Short Description

---

TERRADRAIN® SHEET DRAIN

## Description

---

TerraDrain® is a dimpled plastic sheet that provides effective drainage and waterproof membrane protection on foundation walls and other underground structures. The integrated non-woven geotextile covering the dimples prevents soil particles blocking the drainage sheet, creates an air gap for reliable ventilation and

allows inflow and with its dimple structure effectively captures and transports high water volumes and resists high loads from earth and formwork.

### Additional Information

CODE	SDS-TD20
