

# Terram Non-Woven T3000 ,4x100m (PFA)

## Product Images

## Short Description

Terram Non-Woven T3000 ,4x100m (PFA)

## Description

---

mastaTEX® is a non-woven needle-punched geotextile made from polyester, providing separation, filtration, protection or reinforcement functions in engineering projects. It enhances the performance and design life of granular layers by providing the filtration and separation functions. mastaTEX® provides specific advice and recommendations in construction through specialist laboratories and technical support. mastaTEX® is manufactured in accordance to ISO 9001:2008.

## Additional Information
