Description

Danger sign - No Smoking. Choose from the drop down menu below to select the sign you require..

Danger signs provide visual warning. Highlighting situation that can be life threatening or death. Easily alert employees and visitors of dangers that exists within the workplace or in the work being carried out.

Displaying adequate safety signage will identify and warn workers of potential hazards in the workplace. Used to communicate important instructions and reinforce safety.

messages and provide instruction for emergency situations. Australian & New Zealand businesses have an obligation under Health & Safety legislation to use appropriate signage where applicable.

Ensure your meeting WH&S obligations by identifying hazards or hazardous situations with the relevant danger signage.

Danger signs are black and red and produced as either a vinyl sticker, metal, Corflute or polypropylene signs in a variety of sizes.

AS 1319:1994 outlines specific requirements for the design and use of safety signs. Intended to regulate and control safety related behaviour in workplaces, warn of hazards and to provide emergency information to workers and the Public.
