

Emergency Sign - Spill Kit

Product Images

Short Description

Emergency sign, Sorbex spill response kit. Ideal for positioning next to your spill kits and emergency spill station areas on site.

Description

White Text and Symbol on a green background. Notify and direct employees to the location of your workplaces Spill Kit. Jaybro supplies tough, durable signage that is suitable for any workplace.

Poly signs are more durable and are UV resistant which will mean that they will last longer than any other option, saving you time and money not having to replace broken, lost or faded safety signs.

- 1.6 mm flexible weather resistant
- highly recommended for outdoor use
- UV stable and resists fading and cracking for up to 5 years
- poly is fully recyclable and made from 70% recycled material
- standard with rounded corners
- lasts longer than flute and metal (will outlast flute up to 7 times)
- five year outdoor guarantee
- flexible - won't dent or crease
- cheaper than metal
- can't be pulled off fences like flute
- easy to handle and put up no sharp corners
